

REACH Compliance Statement

GREMTEK SAS / GREMTEK GmbH

GREMTEK SAS / GREMTEK GmbH imports products, such as tubing, heat shrink tubing, braided sleeve, etc, which are defined as articles per Article 3.3 of the REACH Regulation:

Article: means an object which during production is given a special shape, surface or design which determines its function to a greater degree than does its chemical composition

These articles are for essential of polymers, which are exempted from recording as « Guidance for monomer and polymers June 2007 paragraphs 3.2.1.1, 3.3».

Substances in articles require registration per Article 7.1 of REACH:

Any producer or importer of articles shall submit a registration to the Agency for any substance contained in those articles, if both the following conditions are met:

(a) The substance is present in those articles in quantities totalling over 1 tonne per producer or importer per year;

(b) The substance is intended to be released under normal or reasonably foreseeable conditions of use.

Currently none of GREMTEK's products intentionally release substances therefore no registration of substances is required.

REACH does not require GREMTEK to provide an MSDS to accompany with product delivery. Per Article 33, GREMTEK will supply information for any Substances of Very High Concern (SVHCs as last update 23/01/2024, contained in each article above 0.1 %.

GREMTEK will endeavour to comply with any and all requirements with respect to REACH. This includes the required notification beginning in 2013 of any Substances of Very High Concern (SVHCs) in their products that meet the requirements of Article 7.2. GREMTEK will also ensure proper supply of sufficient information, available to the supplier, to allow safe use of the article including, as a minimum, the name of that substance for all SVHCs, as per Article 33.
